Keynote Speaker Terry Vaughan

Body Language & Dangerous Individual Recognition Training
Monday Morning Keynote • Wednesday Morning Workshop

Terry will teach the skills to decode the body language signals of others to help us improve key leadership traits such as competency, empathy, and the ability to influence. He'll also explore the body language of dangerous people, the mindset needed to identify them quickly, and the strategies required to respond confidently if a situation demands it.

Terry is a riveting and entertaining speaker who will take your awareness and skills to the next level. Gain a deeper understanding of the people around you: family, co-workers, residents, or even dangerous individuals.

Terry is a body language leader, speaker, author, and former British Royal Marines Commando, an elite branch of Her Majesty's Royal Navy. He is also a past competitor on season four of the History Channel's TOP SHOT, a former television host for the BBC and GUNTV, and the author of the popular book, "NOT WITH MY DAUGHTER! A Dad's Guide to Screening Dates and Boyfriends."
