

Michigan Municipal Treasurers Association

Join The Organization Designed For Treasury Professionals

MMTA-MI.org

Membership

Membership in the MMTA is a valuable professional resource for anyone in the field of public treasury. For annual dues of \$99, members gain access to the MMTA ListServ, Mentorship program, may register for a multitude of training conferences each year, and can pursue MMTA's state certification, the Michigan Certified Professional Treasurer (MiCPT). Members also have full access to the members-only portion of the website, including a searchable membership directory, job board, and more. *Please visit www.MMTA-MI.org for associate (corporate) member benefits and cost.*

ListServ

The ListServ is an active email forum that provides members the ability to ask, answer and view questions that are pertinent to a public treasurer's office and responsibilities. The ListServ gives direct access to hundreds of experienced treasury professionals across the state, empowering MMTA members to share how they accomplish the tasks of a municipal treasury office.

Leadership

MMTA is governed by a volunteer Board of Directors whose hands-on approach is supported by regular meetings and committee leadership. Committees consist of active MMTA members who oversee education, professional development, membership, legislation, and more. MMTA also has Association Managers who handle the daily administration of the organization.

Education

MMTA leadership is very serious about providing quality education. Each year, members can choose from a myriad of educational choices ranging from basic to advanced topics to support their professional development. Programs are designed to improve skills, add knowledge, and provide networking opportunities to learn from other members. *Details on each program are on the next page and online at www.MMTA-MI.org.*

MiCPT Certification

Earning your Michigan Certified Professional Treasurer (MiCPT) designation shows your board, council, and community that you are committed to education and professional development. Prerequisites to earning the MiCPT include completing the three-year, 100 hour curriculum of Basic Institute and demonstrating on-the-job experience with treasury-related activities. *Learn more on the next page.*

The MiCPT can be maintained every four years via continuing education. Achieving the MiCPT can also lead to earning a national accreditation, the Certified Public Funds Administrator (CPFA) through MMTA's national affiliate organization, the Association of Public Treasurers of the United States and Canada (APT US&C.)

Education

Basic Institute: the cornerstone of MMTA's education programs, Basic Institute is a must-have for all career treasury professionals. Successful completion of this week long session (offered each spring) for three consecutive years allows members to graduate from Basic and be eligible for the MiCPT. The 100 hour curriculum is approved by MMTA's national affiliate, APT US&C, and provides instruction on a wide array of topics to ensure that every graduate has a thorough introduction and understanding of municipal treasury.

Advanced Institute: offered each spring to provide continuing education for Basic Institute graduates, this program is designed to meet the requirements for those seeking to renew MiCPT and CPFA certifications. Presentations include in-depth topics to help attendees challenge themselves and gain the tools necessary to further their understanding of public treasury and aid in their professional growth.

Fall Conference and Annual Meeting: this hybrid three day conference is the highlight of the year, offering education programs from top experts in their fields, peer-to-peer learning and great networking opportunities. Fall Conference includes the annual membership meeting to elect new board members and officers, award presentations for outstanding member achievement, and member recognition for attaining professional certifications.

Winter Workshop: held each January, this hybrid day and half conference focuses on day-to-day skills and legislative updates that treasurers need to know (especially following an election).

MMTA in the U.P.: this online, one day seminar focuses on issues facing members in Michigan's Upper Peninsula and upper Lower Peninsula by offering continuing education on the most current and pertinent topics affecting municipality treasurers. This training is held annually in June.

Treasurer-to-Treasurer Discussion Panel: this regularly occurring online panel discussion provides a low-cost, easy, and consistent way to touch base with your peers across the state. Both the moderator and panel are MMTA members who answer questions submitted by attendees to keep everyone up-to-date on new developments and timely issues.

Day Seminars: MMTA will occasionally hold a half or full day seminar on a specific topic that may have a particular interest to membership.

**Visit www.MMTA-MI.org for Associate Member benefits, education, and networking opportunities.*
